

## 5 POSSIBLE ENDINGS

Replay with different answers to see them all!

You find a mysterious coloring book full of QR codes.

You color in the first QR code and you begin to feel a bit strange...

You open the QR code on your phone and set forth on an adventure!!!

## what's this Cat Printer?

There's a cat-shaped receipt printer you can buy for \$15-25 on Amazon and AliExpress. (Search for "Cat Printer.") It's popular among hardware hackers because it's cheap and easy to control via code. The author of this zine is one such hacker! She wrote this zine after spending a whole lot of time with these curious little machines.
